- *Always documenting* lived experiences as much as we can
- Creating *expressive languages* through low-tech materials and design intervention toolkits
- *Being conscious of self* as a culturally embedded entity - always a part of collective and local social issues

What do designers perceive
diversity in design education
at a *multicultural university* in
Florida, United States?

Research question for project-in-lieu-of-thesis / 2024-2025

Thank *you*
